

CEASEFIRE™ Liquid
FIRE RETARDANT ADDITIVE for Resin or Epoxy
Technical Data Sheet

Patent Pending

CEASEFIRE™ Liquid is a proprietary phosphate ester designed for reducing the flammability or smoke generation of a resin system.

CEASEFIRE™ Liquid is most effective in combination with our **CEASEFIRE™** line of powder fire retardant additives.

Specifications	Value
Viscosity @ 25°C	95,000 cps
Refractive Index	1.4740
Color	Clear to slightly yellow
Specific Gravity @ 25°C	1.2850 – 1.3000
Phosphorus Content (wt %)	10.6 – 10.8
Water Solubility @ 25°C	<1%

CeaseFire™ Liquid is listed TSCA and is on the Canadian DSL
